

ENVIRONMENT POLICY STATEMENT

SGC Glass Ltd delivers a wide range of glass and glazing products throughout the UK. Coupled with the highest standards of customer care the group constantly seeks to minimize the effect of its activities on the environment.

In this respect SGC Glass Ltd is committed to:

- Continuous improvement of its environmental performance and prevention of pollution;
- Compliance with all relevant legislative and regulatory requirements;
- Using energy efficiently and implementing energy saving measures;
- Ensuring all its activities are conducted in such a way to cause minimum negative impact on the environment;
- Minimising waste product, disposing of waste in a proper manner using registered carriers and recycling suitable materials wherever practicable;
- Promoting the use of products that are friendly to the environment and achieving reductions in the use of environmentally unsuitable products;
- Promoting the conservation and sustainable use of natural resources;
- Raising the awareness of environmental issues within group employees and working in partnership with customers and suppliers to promote environmental issues.

In order to achieve this we will:

- Operate an integrated environmental management system and adopt working practices that minimize the negative effects and/or enhance the positive effects the business has on the environment;
- Where appropriate set objectives and targets to promote continuous improvement of its environmental performance;
- Regularly review environmental performance and the effectiveness of the environmental systems;
- Train and educate all employees in respect of its environmental policies, objectives and responsibilities and encourage the contribution every employee can make towards improving environmental performance.
